# Open Bids in December.

Tenders are being advertised for by

side of the harbor. Slowly, but surely, the rights formerly acquired for plea-sure seekers, are being put to a busi-ness use, which was begun by the be little or nothing done in that line for many years, as all the space between the property controlled by the Bishop Estate to the Navy slip on the Waikiki side of Navy Dock No. 2, is leased to Sorenson & Lyle, whose lease

the Healani Bonthouse, necessitating the removal of the small house between the Healani and Myrtle houses. It is proposed to dredge up even with Hilo district.

Ala Moana, or the Beach road. The The Hama

wharves, converging and crossing on that country."

Ala Moana, and out along First street, along the lower side of the Honolulu Iron Works, and on the mauka side of the Union Feed Company, continuing to the boundary of the Watt property. By this means, the Honolulu a specific of the control erty. By this means the Honolulu Iron Works and the Union Feed Com-pany will have direct communication with vessels, resulting in an easy with vessels, resulting in an easy handling of their freight.

The estimate of material which will be dredged from the slip is placed at about 100,000 cubic yards. This will be about 100,000 cubic yards. This will be used for filling up the space on the Walkiki side of Quarantine Channel street to the Battery, and also on the mauka side of Ala Moana. About mauka side of Ala Moana. About twelve acrès of valuable land will be filled up by this means.

#### Coming This Way

The Union Steamship Company, of New Zealand, has ordered to be built at Dumbarton a steamer of 4,500 tons, with a speed of sixteen knots, for the rvice between Sydney, Honolulu and

It was announced yesterday by the fire claims commission that a delegation will be sent to Walluku, Maui, October 2d to hear claimants.
